Plan of Churchyard

Names, inscriptions and location of graves are in the blue booklet on the Welcome Shelf inside. The double headed arrows indicate the alignment of the rows.

May 2009

The location in the index gives the row number before the decimal point with the sequence along the row after the decimal point. In this document the sequence number is 2 digits with leading zero to help with the table sorting in Word.

Memorials in Area for Burial of Ashes

Wooden rails on the W and E boundaries of the Area for Burial of Ashes are used to mount metal or brass plaques. The location of the plaques is designated by the section, rail and a 2-digit sequence number. Rails are numbered starting with 1 at the top. Thus WN.2.01 identifies the first plaque on the second (middle) rail in the WN (West side, North End) section.
