**Noughts and Crosses Prayer**

Print out this email and cut out the grid above or draw your own with people you would like to pray for. Take it in turns with somebody else to pray for one of the groups written in the boxes. Once you have prayed for those people you can write your initials or an "X" in that box. The next person takes a turn to say a prayer for the people in another box and then they write their initials or an "O" in that box. The aim is to get 3-in-a-line before the other person praying!
